October 2010

**PLANNING APPLICATION NO B/10/01175 – CONSTRUCTION OF NEW DWELLING AT TREETOPS,
CEMETRY LANE, EAST BERGHOLT**

I write on behalf of the Society to express our substantial concern at the scale of this proposed development.

While we are aware that the previous application, to which we objected on grounds of over development of the site (B/02/02173/FUL), was granted on appeal we continue to consider that even the revised dwelling proposed is too tall and too bulky for this restricted site.

We would be happy to see a more modest dwelling, of say three bedrooms, on this long overgrown site in the AONB on the edge of the conservation area.

David Eking
Planning Secretary, Suffolk
