Subject: Comment on Planning Application

**APPLICATION NO B/11/01394 - ADDITIONAL CLASSROOMS FOR
NAYLAND PRIMARY SCHOOL, BEAR STREET, NAYLAND**

The Society has no objection to this application as such but wishes to express serious concern over the additional traffic that will be generated at times of delivery and collection of the children. The situation in Bear Street at these times is already bordering on chaotic and the additional two classroom's worth can only make matters worse. We believe that the Education Authority must address this ever growing problem. The AONB is far from a place of tranquillity and beauty on Bear Street twice a day throughout term time.

David Eking

Planning Secretary, Suffolk

For The Dedham Vale Society
